Godaddy [\(domain name\)-GoDaddy](#)

Domains

A screenshot of the Godaddy 'My Domains' page. The page has a header with tabs for 'Domains', 'Transfers', 'Auctions', and 'My Bids'. Below the header is a search bar labeled 'Jump to domain'. The main content is a table with the following structure:

My Domains	Expires	Registration Type	Associated Products	Action
		Add Privacy	None Add	Launch
		Add Privacy	None Add	Launch
		Add Privacy	None Add	Launch
		Add Privacy	None Add	Launch
		Add Privacy	None Add	Launch
eventsuscribe.com	9/18/2022	Add Privacy	None Add	Launch

At the bottom of the table, there is a pagination bar that says 'Displaying 1-6 of 6 domains', 'Results per page: 10', and '1 of 1'. There is also a link that says 'Need another domain? Search Now!'.
